Clowns (formarily) Gas Masks (Temporarily) Uta (spiritually, UTA) is a ghoul and an old friend of Renji Yomo and Iterti. He is owner of the Hysy Artmask Studio, where he sells masks, while he is also a member of the clowns. He is known as no face (intelligent smart advice, nå Feisu) to the CCG researchers. Appearance UTA is a tall man, Lanky with black hair, stylish in a shortcut. Several tattoos cover his arms, and a sun tattoo covers all the left pectoral region of him. At first glance, the Kakugan of it is always activated, but in response to the question of Haise Sasaki, he says that these are scleral tattoos, that is, The ink was injected into her eyes. [3] However, this could be a lie, as it is possible, he may have the same problem as Tooru Mutsuki regarding the inability to prevent a Kakugan from being shown. Usually, UTA wears a grey tank top underneath a black necklace with round and white gems hanging from it. Kaneki describes her appearance as a little scary. During the auction, he wore an open zebra striped dress shirt with matching trousers, a light-coloured buttoned striped suit and a pair of white gloves. Despite being in the clown group, he has not yet been seen wearing a clown mask of any kind. As a teenager, her hair color was much lighter, swept and sometimes kept with a hair band. She didn't have any of her tattoos during her younger days. His Ghoul mask was an expressionless face with a sewing design similar to a voodoo doll, covering the eyes and the white surface. Her newest mask covers only the top half of her face and has a horizontal bar that runs through it, with a vertical bar that runs through it, with a vertical bar that runs through it, with a vertical bar that read: "I can't live and seems to be friendly. Although his expression almost never changes, he has a fun way of making fun of people. The UTA seems to be motionless for most things, and will even go as far as letting leave He respects he dies to respect his will, acting as if nothing important will happen after. As an artist, UTA has an exotic stichet and often shows that she has bad tastes for some major; She respects the artists' companions. UTA is entertained through the search and craft masks based on those ideas. Uta was sathered and wild of him youth and he seems to have left those roads behind while he spent time. However, he has not completely changed even after his affiliation with the clowns become evident, and even saw Kaneki's disappearance as "Fun". Like all the members of the organization of him, he can admire himself in creating chaos and destruction. Despite the hedonistic and sidical side of him, Uta has shown a true concern for others on numerous occasions. Like the ex-leader of the fourth room and a renowned mascara manufacturer, the reputation of it leads others to respect and consult it to advise. He also tends to present his known companions between Sã by his own benefits (for example, Kaneki, ASA). This dichotomic carrier is the result of the violent UTA breeding in the fourth district. The horrible things that UTA has witnessed and listened to reaffirmed the belief of him that the world can only love humans, never the Fulanos. In such an insensitive world, Uta can only see and feel a cold vacuum for the future. Tired of despair and preventing him from becoming crazy, Uta and the clowns are pleased to manipulate world events like "unhappy" and the hedonist massacre to gain a sense of being "alive". Never after having a heart conversation to heart with Yomo Uta won a new perspective on his vision of the world. Uta is someone who does not like the change and expressed the inability of him to change in an ever changing world. Oitori has observed that it is only through the guide and the support of Yomo that UTA can be opened to change and new possibilities. Plot past uta in his first Uta used to be the leader of the fourth room in the past, since he was the strongest there. At some point during his reign, he was informed of Strong ghoul wandering in their territory. After fighting this demon many times and feeling that his forces were on par, he later found out his name was Renji Yomo and they formed a friendship. In an unspecified period of time after Renji began living with Uta's gang, ghoul researchers, led by Kishou Arima, entered the area on an extermination mission. Along with his gang, they surrounded a group of investigators, including Take Hirako. The two groups fought for the demons until Arima appeared. Seeing Yomo enraged and easily dominated by the GCC Reaper, Uta ordered his gang to retreat after Yoshimura appeared to save Yomo. Skelter, the bar Itori owns, Uta was also there. The two surprised Kaneki when Itori wore one of Uta's masks to frighten him.[7] They were then shown having a nice chat in the bar, discussing her past and Renji's, how the 4th room was dangerous because of them, and when Kaneki first learned about the [8] Aogiri Arc Uta hurts Noro. Uta was part of the team that went to save Kaneki when he was kidnapped by Aogiri Tree. He accompanied Yomo and Tsukiyama when the team broke up, eventually fighting alongside them when they met Noro. Uta expressed amazement with the superlative Regenerative of NORO. Some time after Tsukiyama commented that Uta, although he had his active Kakugan, was not using everything his power. UTA answered by He didn't think it had to be serious right now and Was only there for Kaneki, so he wouldn't get lazy.[9] Despite not being in full power, he was able to keep up with Yomo and Tsukiyama. When they finally found Kaneki, Uta along with Yomo tried to console him after what had happened Operation Owl Suppression Uta gave Kaneki information about the GCC Reaper, mentioning how strong and invincible he was. He also told him about his relationship with the other clowns started celebrating.[10] Auction At the Auction, Uta made a big entrance and served as the auctioneer for the event. He oversaw the sales of Yoshiki Ookura, a famous actor, as well as several insignificant "articles." When Tooru Mutsuki came on stage, he stated that the selling price would normally be 1 million, but he quickly noticed the unusual smell of Mutsuki (11) Taking off Mutsuki's patch, he announced that the item for sale is a rare one-eyed demon and began puzzling. \$10 million. The crowd became furious, and a bidding war started for this rare prize. As the offer continued, Uta whispered to Mutsuki that the operation had failed and that no one would come to save him. Having shaken the young researcher, Uta oversaw the final winning bid of 200 million. Taking advantage of the excitement of the crowd, he declared that the next special item for sale was a beautiful young woman in the stabbed Uta repeatedly in the face, before turning his attention to the public.[12] When the auction raid began, Mutsuki remembered Uta's words and realized that the auctioneer knew that the auction.. Later, he appeared before the squads and shimoguchi, while roma hoito hid behind him, greeted Hirako.[13] Hirako attacks uta. uta.the fight began, the taut continually squandered the hirako attacks and sarcastically commented that hirako had improved with its greatest variety of attack patterns and had to have raised some ranks. After the other clowns joined, he warned Roma not to take hirako to stay. However, Hirako lost his composure and immediately slashed uta through his face, on the left arm of hirako and told Hirako to return them for him. As they continued to fight, uta showed interest in why hirako did not show the pain in his injured arm, but it would be boring if he did not respond. He then snuffed the hirako strike effortlessly and pushed the knives into the deepest hirako arm, resulting in the least expression of pain in the face of the latter. later, uta heard sasaki's screams about the intercom and briefly removed the mask, listening with some kind of interest. When the squadron s3 came to the auction as a booster, uta went roma. After the auction, a month after the raid uta auction is seen taking coffee in: re, chatting with yomo and touka about what was going to happen to kaneki, claiming he had no idea what his boss was thinking. Then he told touka that he still considered kaneki a special client before leaving the extermination of rose uta has a conversation with sasaki uta in his workshop and welcomed sasaki when he entered and asked if he was still open. he briefly spoke with sasaki about his client's concern for eyepatch maskfrom the store. Confirming that the mask was sent by him, faked ignorance about how he could have sent it to the wrong address and was destined for a regular customer and then then sasaki to keep him as a sign of good will of his "famous acquaintance." He claimed that it was not he who sent Sasaki the novel, however, before being asked by Sasaki if he made custom-made masks. Later, he made masks for the Quinx Squadron so that they were covered like ghouls. The third Cochlea Raid Uta accompanied Donato "crown", throwing a clown mask with a crown symbol. Then, Donato tells her they should go to the "king".[14] When they arrived at the GCC president's office, witnessing the murder of Tsuneyoshi Washuuu, Uta asked Furuta if he was well with his actions, while he said with joy that he was well with her. [15] Siege of clown Uta appeared near the GCC headquarters with Nico, asking for the whereabouts of Donato. [16] Suzuya then unmasks a Payaso and reveals that the Payasos of the raid were human. Uta appeared and dropped an unknown kagune, stabbing the Payaso through the neck before facing Suzuya then hit him several times with Jason 13. The fulano questions his actions and lifts his head, revealing Shinohara's face, distracting Suzuya. Uta, like Shinohara, comforts and attracts the researcher closer to him, while unleashing more kagune queues. However, before he could attack the latter, his head was suddenly cut vertically by Hanbee Abara, which caused him to stumble with pain. [18] Uta makes the Suzuya attacks effortless. As the battle continued, Uta threw out the repeated Suzuya strikes with the Jason of 13. Suzuya pointed out that he suddenly became incapable of landing a blow on him. As the Uta mask is part of one with a wide mouth and big teeth, Uta disarmed Suzuya with aAnd he laughed at himself, yet he ended up kneeling by Suzuya that he had stored knives in his leg. With three stabbed knives on Uta's face, Suzuya hit Uta away, and Uta UtaSix tails of his back that kept him in the air. He ran away from the location as a spider, like Tooru Mutsuki stopped, Uta changed his face to the form of Sasaki's face to deceive Mutsuki. [19] However, this bonfire, like Mutsuki stabs her throat and repeatedly faces in a mad act of declaring her love for her former mentor. This results in Uta having his face very disfigured and his lower jaw mutilated. Shinsanpei Aura arrives at the scene and finds what appears to be Mutsuki having sex with the body of Uta. [20] Later, Uta sat on a roof next to Donato, talking to him, explaining that he wanted to be more involved, claiming that he was only on the edges. [21] Goat Wipeout Operation Goat Wipeout. After the conclusion of Yomo's struggle with Mutsuki and Aura, he hates his old friend for his actions and warns him that he is about to lose his life if he goes beyond. [22] After the Dragon's rise, Uta brings Yomo to the remaining members of Goat, along with Itori. When you ask him why you did it, he says he's a friend of Yomo's. [23] Dragon Arc After rescuing Kaneki from the Kakuja Dragon, a creature that looks like the one-eyed attack. It was discovered by Yomo that Donato controlled the Owl from a roof. Before he was involved, Uta came to the defense of Donato and went crazy, trying to eat it all while declaring he had been dreaming about the day he would be able to do it. Yomo managed to win the upper hand by impassing Uta on a lightning rod and electrocuting it, eviscerating his kakuja. Once fallen on the earth, Uta rememoróthe past, expressing a strong desire to beYomo all the time like the days of old, before he joined Anteiku. Renji came and reasoned with Uta, and the two revived their friendship. Renji began to bring Uta to safety, as the two shared childhood memories. [24] Post-Dragon Arc six years later, UTA pursued several hobbies, including silver design and silver design and thought of ways to have fun while Renji was alive. [25] Relationships Renji Yomo Uta and Yomo have a close but complicated link between them when Uta was still the leader of the 4th room, Uta fought Yomo several times on equal grounds, never finished, because they knew that both would have to come out. Finding it strange how someone as strong as he is around, Uta proposed to become Yomo's friend, which has been the case ever since. Usually, UTA comes to Yomo's help when required, such as rescuing Yomo from being buried alive in room 24 when Ken Kaneki became Dragon. In return, Yomo acts as a class advisor to the UTA when the latter requires some guidance for self-development, as UTA has difficulty changing positively without Yomo's support. However, secretly, the UTA has an unhealthy fixation with Yomo due to the latter's combat skills, which rivals, but more crucially, Yomo's abilities to trust and believe in a world that UTA sees can only love humans. Uta has stated that the opportunity to fight and devour Yomo is one of the reasons that gives her purpose in life and the GCC, and simply responds to their promise to stop the UTA with a "all right" indifference. During the ongoing battle, He mocks Yomo, laughing at his claim that he doesn't want any of them to die. Yomo, however, was not bothered by Uta's obsessions and said that UTA was free. He tries to eat Yomo for his friendship, however, Yomo promised that he will fight with everything he has since he wants to be a great guy in the future. After his fight, his friendship is revived, and in the epilogue six years after the Dragon Arc, he is still a friend of Yomo and seems to enjoy the conspiracy of eating him. Yomo doesn't seem to take this into account in particular, however, he agreed when Ayato suggested that he "get him back locked up." Itori Uta and Itori belong to the Clowns and have apparently been friends for a long time. They have a casual and relaxed relationship. It is strongly implied that she has had romantic feelings for him for a long time, yet she never tells him how she felt. Ken Kaneki was interesting, as it is the first glance he has ever met. Uta sees him as a valuable client, and helped in his rescue of Aogiri Tree. During her time as Haise Sasaki, she also sends her a book by Sen Takatsuki, as well as a mask that looks a lot like her original. However, he did not offer help to rescue Kaneki after he transformed himself into Furuta's "Dragon", and in fact he is among the Clowns responsible for sending an "Unarmed Owl" to kill his allies after he is rescued and tries to investigate one of the Dragon's oviducts. He says he had a feeling that Kaneki would end up with Touka. Roma Hoito Both are part of the Clowns; Uta showed a slight concern for her safety during the Auction Raid. Toma Hirako Uta met Hirako ten years ago during a Clown investigation with Arima in the fourth ward and showed interest in his skill. When they collide again in the Auction raid, Uta congratulates Hirako on his improvements. Uta treats Hirako like a bit of a game, casually evaluating his skills during age, having grown up in fourth room during the time he was his leader. Even afterto room 23, she continued to annoy him for becoming her apprentice. Uta showed his concern for his safety as evident when he frightened Noyama away from Asa, telling him that he hopes Asa will not be killed. Tsumugi Yamagata The two have been friends for a long time and have a deep respect for each other as an artist. Tsumugi is a mentor of the young man and makes fun of him about his "horrible" artistic style. Uta respects their will and ignored Noyama, who finally killed Tsumugi when they asked him not to pay attention to the demon that lurks. Donato Porpora Although not much is known between them, they seem to have a quiet and casual relationship. Powers and Skills Ghoul Physiology: Being a Ghoul, Uta possesses superhuman regeneration and speed. As a teenager, his strength led him to become the "peacemaker" of the 4th ward. Kagune: Uta has an unknown Kakuja that takes the form of several large arms sprouting from her shoulders and back with flesh covering most of her face. Uta is able to transform his head into a mouth of three sections with jaws, similar to that of a venus fly, which he can use to devour his entire enemies. Superhuman Agility: He casually avoided Hirako's continual attacks with his quinque, mocking him as he approached the researcher.[26] Superhuman Regeneration: Uta has shown inhuman feats of regeneration; without any consumption, he has healed his face after having been stabbed with several quinque knives in a short interval, in addition to its instantaneous regeneration when Hirako cut her in half horizontally.[26] Shape change: Uta has the ability to mimic the appearance of others, although the exact means for doing so are not currently explained. Previously he had imitated the facial features of Kishou Arima, without his general appearance and hairstyle. En En En Eccasion, he was able to imitate the physical appearance and voice of Yukinori Shinohara with such precision that momentarily deceived the old man's companion, Juuzou Suzuya. [18] He was also able to imitate Haise Sasaki's physical appearance and voice as well. [19] Closure: Uta was able to clone as when he made a clone to fight Tooru. Manga Depictions The version 2 kagune of Uta while in the form of Shinohara. Uta's kagune forms like spider tips. Uta imitates the facial features of Kishou Arima, while leaving its overall appearance and hairstyle unchanged. Uta deceives Suzuya in the form of Shinohara. Uta imitates the facial features of Kishou Arima, while leaving its overall appearance and the hairstyle unchanged. Uta deceives Suzuya in the form of Shinohara. Trivia Likes to make masks, music, humans and art. [1] His name means poem or song. In the first survey of character popularity, Uta was ranked fourth. In the last, he came as eighth. Sui Ishida commented that he gave many of his own hobbies to Uta.[27] Uta is associated with the number "19",[11] which is a reference to the card of Tarot El Sol. Tsumugi once commented on his bad taste of masks. He believes that human food is artistic due to its colors and arrangements, while Asa and other ghouls point it out as unpleasant and disgusting. His sense of humor is a bit strange when he gave Kaneki a Buddha mask in an omake Volume 2, intentionally misinterpreting Renji's name, particularly Ji's character, as hemorrhoid, and he passed to Yomo a rib to cover instead of a normal underwear in the "Ghouls School" spin-off. In Tokyo Ghoul Trump, is presented as the "Damantes' Office". Quotes to Kaneki: "It can be said that it is like 'walking a tight rope' so that we assemble in a human place... Eachis spent asking me: "Can I continue or will I fall?..." If your feet get tangled the way you'll end up at the bottom of hell... And if you don't cross the whole At that moment everything will disappear. "[5] A Kaneki: Since you are a special client so I would like to help you. You are dangerous and always standing up unstably, so all can not take off your eyes. That includes people who expect not to fail, and people who wait for the case you make. "[Citación Needed]" Since everyone thinks many things, it is difficult to understand them. "[Lacitation needed]" The tragedies today in day not They are popular, so we are going to have fun more. "[10]" For me, he (Kaneki) remains a special client, even now." [Citation needed] to Donato: It makes you tremble with emotion, Year? The feeling switch ... The feeling switch ... The feeling switch ... The f Aaaahh. I'm glad we're friends, Renji. You are always so straight and true. Without sense. That's why you can trust a world like this. Yomo: "Ahahahaha! Ufufufu, I wanted to eat for so long, make me feel alive, Renji." [28] References References
